Sir Henry Drayton and Hon. H. H. Stevens Criticize Enquiry.

## METHOD OF CONDUCT DECIDED AT MEETING

General Foreign Freight Agent of C.P.R. is Cross-Examined by Counsel.

OTTAWA, April 29.—Criticism of the method in which the investigation by the special parliamentary committee on ocean rates is being conducted, was made today by Sir Henry Drayton and Hon. H. H. Stevens, who were present at a meeting of the committee adjourned this evening. Sir Henry Drayton, K.C., government counsel, and Hon. H. H. Stevens, K.C., general foreign freight agent of the Canadian Pacific railway, were present at the meeting, in regard to the method of conducting the investigation by the committee. Sir Henry Drayton, in his address, stated that the committee was not to be a "fishing expedition" and that the committee was to be a "fact-finding commission." ## LINEN COMPANY TO BE MOVED FROM ONTARIO TO SALEM, ORE.

VANCOUVER, B.C., April 29.—Owing to what he terms "the instability of the tariff in Canada," the mill of the Dominion Linen Company of Guelph, Ont., is being moved to Salem, Ore., according to announcement made by D. M. Sanson, president, who is here on his way home from Salem.

Under present conditions in Canada, industry such as ours cannot exist, said Mr. Sanson. We cannot possibly compete with cheap European produced linen. I am a good Canadian, but there is something wrong, and it is not the country.

"When I established in Guelph in 1912, we had a protective tariff of 12½ to 17½ per cent. Today this duty, which was plainly against the cheaper manufactured article from Europe, is 7½ to 20 per cent and there is no stability about it."

"On the other hand, in the United States, the protective duty on the finer grade of linen is 40 per cent and on the class of goods which we manufacture, the duty is 55 per cent. I do not want to convey the impression that I am sour. That is not the case. This is a great country, but I am compelled to move."
